URGENT NEED FOR THE ARMY CORPS OF ENGINEERS ASSISTANT SECRETARY FOR CIVIL WORKS TO IMMEDIATELY SIGN RECORD OF DECISION FOR THE ARMY CORPS TO COMPLETE THE NFSS PROPOSED PLAN

WHEREAS, the Niagara Falls Storage Site is a 131-acre federal property located in the Town of Lewiston, and

WHEREAS, this temporary storage site has held 2,000 curies of Radium-226 and other dangerous radioactive material since World War II, and

WHEREAS, in December of 2015 the U.S. Army Corps of Engineers (Army Corp) issued its proposed Plan to remove all radioactive material from the Niagara Storage Site with the full support of Niagara County, the NY State Department of Health, the U.S. EPA, and numerous other Stakeholders, and

WHEREAS, the Army Corps' proposed plan includes \$490 million dollars over several years to construct substantial infrastructure at the site and other expenses required for remediation, and

WHEREAS, the Niagara Falls Storage Site is the only Army Corps FUSRAP project in the entire United States with a Record of Decision being help up in Washington D.C.

NOW, THEREFORE BE IT RESOLVED, that the Lewiston Town Board call on the Army Corps of Engineers Assistant Secretary for Civil Works to immediately sign the Record of Decision allowing the Army Corps to proceed and complete the Niagara Falls Storage Site proposed plan.
