Meter # _____
Date Installed _____ TOTAL COST _____
Work Order # _____

I hereby agree to pay for all water used, at the rates and prices fixed and established, or which may hereafter be fixed and established by the Town Board of Lewiston, at the time and in the manner prescribed by the rules and regulations of the Town Board; and I agree to observe and comply with all rules and regulations which have been or may hereafter be adopted by the Town Board of Lewiston Township which rules are hereby referred to and made a part to this application with the same force and affect as if the same were herein set forth at length.

§41-15. Service lines in sewer trench.

The water service pipe shall be separated from the building sewer by a minimum of 5 (five) feet, measured horizontally, of undisturbed or compacted earth or placed on a solid ledge at least 18 (eighteen) inches above and to one side of the highest point in the sewer line.

§41-18. Owner's responsibility.

(Amended 2-28-1977 by L.L. No. 1-1977)

All service lines, or sections thereof, which extend upon a property owner's land, from the meter to the boundary of the land owned by the said property owner, are considered the property of such owner, and said property owner shall be held responsible for any leakage which may occur on his land between the meter and his said property boundary. The property owner shall maintain said service line, or section thereof, on his land at said owner's expense as long as water is supplied. Curb boxes shall be at all times visible and free of obstruction and conform with the grade surrounding same.

I hereby grant the Town of Lewiston such control over the service pipe, connections and meter on my premises at all reasonable times for the purpose of inspecting said water pipes, meter and appurtenances thereto belonging; or to discontinue and shut off the supply of water to said premises in case I shall fail to comply with the rules and regulations of said town.

I also apply for a water meter to be installed and sealed by the Town and charged at the current price. In existing houses water will not be turned on until a meter is installed.

CONTRACTOR/BUILDER WILL IMMEDIATELY CONTACT TOWN WATER DEPARTMENT FOR INSTALLATION OF WATER METER WHEN BUILDING IS SECURE.

A Dual Check Valve shall be installed in the service pipe immediately after the meter.

No work may be undertaken with the limits of any highway in the Town of Lewiston until a permit, together with an inspection sheet covering Method of Performing Work, has been issued by the Highway Department having jurisdiction. Applicant must furnish Bond and Liability Insurance in amounts designated by the Authority in charge, to guarantee satisfactory completion of the work and to indemnify and save harmless, the Town of Lewiston from all loss and damage, which may be suffered due to performance of the work hereby permitted.
